CLEANER DEGREASERS						
MULTICLEAN PLUS™	 Waterbased Cleaner Degreaser	Dilute with water as required. Do not let dry on surface being cleaned always rinse off with clean water. Use to clean vinyl, upholstery, floor mats, door jambs, wheels, wheel arches, under bonnets, exhaust deposits and road film. <i>Because of its high active ingredients, Multiclean Plus™ has been known to crystallise in certain circumstances.</i>		EYE SKIN INGESTION INHALATION	Flush with cold water for at least 15 minutes. Seek medical attention if problem persists. If skin contact causes irritation, remove contaminated clothing and wash thoroughly with soap and water. Do not induce vomiting. Give nothing by mouth. If patient continues to be distressed, seek medical attention immediately. Remove to fresh air. If breathing is difficult, seek medical attention immediately.	
SUPA RIP™	 Universal Cleaner Degreaser	Dilute with water to the suggested dilution rate. Always check the surface first for colourfastness by testing an inconspicuous area. Spray onto the surface to be treated, keeping the surface wet so the dirt is penetrated. Agitate the area with a small brush or sponge before rinsing off with water. Do not allow to dry on the surface.		EYE SKIN INGESTION INHALATION	Hold eyes open and flush with water. If irritation occurs obtain medical attention. Wash thoroughly with soap and water. Give large quantities of milk or water. Do not induce vomiting. Seek medical attention immediately. Remove to fresh air. If breathing is difficult, seek medical attention immediately.	
WASHERS						
GRAPE WASH®	 Hand Car Washing	Rinse off built up dirt with a strong spray of water. Mix 125mL (1/2 cup or 1:40) of Grape Wash® with a bucket of water. For best results, apply wash solution with a car wash sponge and rinse with free flowing water.		EYE SKIN INGESTION	Hold eyes open and flush with water for at least 15 minutes. Seek medical attention. Wash thoroughly with soap and water. Give large quantities of milk or water. Do not induce vomiting. Seek medical attention immediately.	
WINDOW CLEANERS						
WINDOW CLEANER	 Streak-Free Glass Cleaner	Spray Window Cleaner onto the surface to be cleaned and rub with a clean cloth. Wipe dry with a clean towel or cloth.		EYE SKIN INGESTION INHALATION	Flush with cold water for at least 15 minutes. Seek medical attention if problems persist. If skin contact causes irritation remove contaminated clothing and wash thoroughly with soap and water. Give as much water or milk as patient can drink and treat symptomatically. If patient continues to be distressed seek medical attention immediately. Remove to fresh air. If breathing is difficult seek medical attention immediately.	
VISION X WINDSCREEN WASHER ADDITIVE	 Windscreen Additive	Do not use undiluted. Add 30ml to the windscreen washer tank topping the washer tank up with 1 litre of clean water. For larger quantities mix 1 part Vision X Windscreen Washer Additive with 30 parts water.		EYE SKIN INGESTION INHALATION	Hold eyes open and flush with water for at least 15 minutes. If skin contact causes irritation, remove contaminated clothing and wash skin and clothes thoroughly with soap and water. Seek medical attention if problems persist. Induce vomiting. Give large quantities of water or milk. If breathing is difficult, seek medical attention immediately.	
WHEEL CLEANER						
MAG WHEEL CLEANER	 Wheel Cleaner	Dilute 1 part Mag Wheel Cleaner to 10 parts water. Spray onto surface and allow a few minutes to react. Agitate with a brush and rinse thoroughly with water. Repeat the process if necessary. Use ONLY on alloy, aluminium and magnesium surfaces. NOT to be used on painted wheels as will damage paint and clear coated surfaces! <i>Hydrofluoric acid solutions are toxic and corrosive. Every care must be taken to ensure that this product does not come into contact with eyes. Skin must be washed with soapy water immediately after any contact. The antidote for hydrofluoric acid poisoning is calcium gluconate as a gel or tablets. The concentration in this product is sufficiently low that this should not be necessary. However, it is wise to have the antidote on hand if extensive skin contact could occur.</i>		EYE SKIN INGESTION INHALATION	Hold eyes open and flush with water for at least 15 minutes. Seek medical attention immediately. TAKE THIS SDS or CONTAINER. Immediately remove contaminated clothing and wash skin and clothes thoroughly with soap and water. Treat immediately with calcium gluconate antidote gel. Do not induce vomiting. Give large quantity of milk or water. Seek medical attention immediately. TAKE THIS SDS or CONTAINER. Remove to fresh air. If breathing is difficult, seek medical attention immediately.	
SOLVENT CLEANER						
WHITE SPIRITS	 Solvent Cleaner	Cleaning: Spray White Spirits onto the surface, agitate to clean and then wipe away with a clean cloth or allow to evaporate. Fuel: As a fuel use White Spirits in accordance with the equipment manufacturer's recommendations.		EYE SKIN INGESTION INHALATION	Hold eyes open and flush with water for at least 15 minutes. Immediately remove contaminated clothing and wash skin and clothes thoroughly with running water. Do not induce vomiting. Rinse mouth with water. If victim not breathing, begin artificial respiration. Obtain medical attention. Remove to fresh air. If breathing is difficult, seek medical attention immediately.	
WAX						
MALCO SHOWROOM SHINE™	 Spray Wax	Shake well before using. To leave a deep protective shine, simply spray Showroom Shine on dusty, smudged, smeared or fingerprinted surfaces & wipe clean.		EYE SKIN INGESTION INHALATION	Rinse with water. Get medical attention if irritation develops and persists. Wash off with soap and water. Get medical attention if irritation develops and persists. Get medical attention if symptoms occur. Move to fresh air. Call a physician if symptoms develop or persist.	
TYRE DRESSING						
TYRE DRESSING	 Bumper & Tyre Silicone Dressing	Clean and dry the surface. Paint, wipe or spray Tyre Dressing over the area being treated. After allowing Tyre Dressing a few minutes to penetrate, buff or wipe off the excess to the desired shine.		EYE SKIN INGESTION INHALATION	Flush with cold water for at least 15 minutes. Seek medical attention if problems persist. If skin contact causes irritation remove contaminated clothing and wash thoroughly with soap and water. Do not induce vomiting. Give nothing by mouth. If patient continues to be distressed seek medical attention immediately. Aspiration to the lungs could cause chemical pneumonitis which can be fatal. Remove to fresh air. If breathing is difficult seek medical attention immediately.	
INTERIOR DRESSING						
RESTORALL™	 Interior Dressing	Ensure the surface is clean and dry. Shake the container well. Spread Restorall™ evenly with a clean cloth and wipe off the excess. Do not use on clear perspex surfaces such as over the instrument panel!		EYE SKIN INGESTION INHALATION	Flush with cold water for at least 15 minutes. Seek medical attention if problems persist. If skin contact causes irritation remove contaminated clothing and wash thoroughly with soap and water. Do not induce vomiting. Give nothing by mouth. If patient continues to be distressed seek medical attention immediately. Remove to fresh air. If breathing is difficult seek medical attention immediately.	
AIR FRESHENER						
FRAGRANCE	 Air Freshener	Fill spray bottle and spray under seats, on front and rear carpets. It can be added to extraction machines when shampooing and fresheners are required.		EYE SKIN INGESTION INHALATION	Hold eyes open and flush with water for at least 15 minutes. Seek medical attention if problems persist. Wash thoroughly with soap and water. If irritation persists, seek medical advice. Take this SDS with patient. Give large quantities of water. Do not induce vomiting. Seek medical attention. Remove patient to fresh air and make comfortable. If distress continues, seek medical advice.
