SAFETY DATA SHEET

Section 1. Identification of the material and the supplier

Product: Absorb It™
 Product Code: SORB
 Product Use: Granular grit for liquid spills

New Zealand Supplier: Car Clean Products NZ Limited
 Address: 33 Ha Crescent
 Wiri
 Auckland

Telephone: 09 250 0091
 Fax Number: 09 250 0092

Emergency Telephone: 0800 POISON (0800 764 766)

Date of MSDS Preparation: August 2023

Section 2. Hazards Identification

WARNING

Serious eye damage/irritation category 2A H319 Causes serious eye irritation.

Section 3. Composition / Information on Ingredients

Ingredients	Proportion (% mass)
Zeolites (Clinoptilolite + Mordenite)	40% - 75%
Smectite	10% - 30%
Opal C1	15% - 30%

Section 4. First Aid Measures

Routes of Exposure:

Eye	Dust may cause irritation. Flush eye with water for at least 15 minutes. Seek medical attention if problems persist
Skin	Skin irritation may occur due to drying action. Wash thoroughly with soap and water
Ingestion	No known adverse effects if ingested in small quantities. Not recommended for human consumption. If adverse effects are observed seek medical advice
Inhalation	No known adverse effects. Remove patient to fresh air

Section 5. Fire Fighting Measures

Suitable Extinguishing media	Not applicable
Fire and Explosion hazards	Not combustible. Not likely to cause a dust explosion
Fire Fighting Instructions	Not applicable

Section 6. Accidental Release Measures

Land Spill or Leaks	
Dust	Avoid excessive exposure to dust. Wear dust mask.
Liquid	If hazardous liquid is absorbed into material, follow specific disposal instructions of liquid.

Section 7. Handling and Storage

Handling Advice:	Advisable to wear gloves, dust mask and goggles if handling significant quantities
Storing Procedures:	<p>Since the product is an absorbent keep dry and away from substances that may be absorbed and contaminate it.</p> <p>If this product has been used to absorb a hazardous liquid it must be stored in a container that is labeled identifying the hazardous properties of the absorbed liquid.</p>

Section 8 Exposure Controls / Personal Protection

Engineering Controls: Not applicable for small quantities

Personal Protective Equipment: Use dust mask. Safety goggles recommended. Normal workwear recommended

Section 9 Physical and Chemical Properties

Physical State:	Creamy granular or powdered material
Odour:	None
Odour threshold	None
Ph	Not applicable
Melting/Freezing Point	Not applicable
Initial boiling Point	Not applicable
Flash Point	Not applicable
Flammability limits in air	Not applicable
Upper/Lower Flammability	Not applicable
Vapour Pressure	Not applicable
Vapour Density	Not applicable
Relative Density	0.65 gm/cm ³
Solubilities	All liquids
Partition Coefficient	Data not available
Auto-ignition temperature	Not applicable
Decomposition temperature	Not applicable
Kinematic viscosity	Not applicable
Particle characteristics	Data not available

Section 10. Stability and Reactivity

Chemical Stability Stable

Conditions to Avoid Do not allow to get wet during storage

Incompatibility DO NOT store any of this product that has been used to absorb flammable liquids alongside flammable gases, combustible solids (eg aluminium or zinc powder) or oxidizing agents (eg peroxides, nitrates, nitrites). Hydrofluoric Acid, strong oxidizing agents.

Hazardous Decomposition Products None in absorbent form

Section 11 Toxicological Information

Acute Oral Toxicity No known adverse effects if ingested in small quantities.

Acute Dermal Toxicity	Not hazardous
Serious eye damage	Dust may irritate eyes
Respiratory or skin sensitisation	Some irritation may occur due to drying action
Germcell mutagenicity	Not applicable
Carcinogenicity	Not applicable
Reproductive toxicity	Not applicable
Specific target organ toxicity	
- Single exposure	No data available
Specific target organ toxicity	
- Repeated exposure	No data available
Aspiration Hazard	No known adverse effects

Section 12. Ecotoxicological Information

Environmental Precautions	Not required for pure product.
Ecological Toxicity	Not harmful to the environment
Bioaccumulation	Not applicable
Environmental Fate ;	Natural product
<i>Soil</i>	Not degraded. Will not harm the soil
<i>Water</i>	Not degraded. Not harmful to aquatic life
Environmental Exposure Limits	EEL _{water} Not applicable

Section 13. Disposal Considerations

No special precautions UNLESS the product has been used to absorb hazardous liquids. In this case store in a "hazardous waste" labeled container with the properties of the absorbed liquid clearly identified eg "Contains benzene. Flammable and toxic". Arrange for disposal in approved landfill by a reputable waste disposal company.

Section 14 Transport Information

Road, Rail, Marine and Air Transport

UN No	:	Not Applicable
Class-primary	:	Not Applicable
Packing Group	:	Not Applicable
Proper Shipping Name:	:	Not Applicable

Section 15 Regulatory Information

HSNO Classification Not classed as Hazardous under the HSNO Regulations 2001.

Land Transport Not hazardous

Section 16 Other Information

Supplied in 20kg bags. Code SORB20

The information herein is given in good faith, but no warranty, express or implied is made.

ABSORB IT™

PURPOSE:

Absorb It™ is suitable for the easy absorption of all liquid and chemical spills. On both even and uneven floor surfaces Absorb It™ is easy to pour onto a spill and a granular grit means it will not blow away in the wind.

Other suitable uses are as an oil spill absorbent, as kitty litter and on the BBQ fat drip tray.

Directions:

Pour Pacer Absorb It™ granules directly onto the liquid spill. Allow time for the liquid to be absorbed into the granules. Sweep, scoop and vacuum up once the spill has been absorbed.

Dispose of the contaminated product as per the Council regulations.

WARNING:

Harmful if swallowed. Possible eye irritant.

KEEP OUT OF REACH OF CHILDREN.
