

## DESCRIPTION:

**Tyre Beading** is a detergent based lubricant that allows tyres to slip onto wheel rims. **Tyre Beading** will assist with an air tight seal between the tyre and the rim once the tyre is inflated.

## DIRECTIONS:

Brush **Tyre Beading** liberally onto the tyre bead edges. Fit the tyre and inflate.

## APPLICATIONS:

Lubricant that allows tyres to slip onto wheel rims.

## PROPERTIES:

Blue liquid with neutral pH.

## Available Sizes:

**TBEAD4**

**TBEAD20**

**WARNING**

Tyre Beading

## WARNING

- H302 Harmful if swallowed
- H332 Harmful if inhaled
- H319 Causes serious eye irritation

**WARNING:** Mildly toxic if swallowed. Causes serious eye irritation. Moderately irritating if inhaled. May cause irritation to mucous membranes

**SAFETY PRECAUTIONS:** Wash hands thoroughly after handling. Wear eye/face protection.

## FIRST AID:

- Eye Flush with cold water for at least 15 minutes. Seek medical attention.
- Skin Wash with warm water and soap. If irritation persists seek medical attention.
- Ingestion Do not induce vomiting. Give large quantities of milk or water. Seek medical attention immediately.
- Inhalation Remove to fresh air. If breathing difficulties continue see medical attention.

*If medical advice is needed have the product container/label at hand. In an emergency phone the National Poison Centre. (24 hrs): 0800 POISON[764 766].*

## OUR VISION AND MISSION

To be the leading value-based provider to the market. We have a dedicated team to achieve excellence for our customers and a philosophy of total quality. We conduct business and create relationships in an ethical and sustainable manner with customers, our community and the environment. The value we provide our customers is the opportunity to increase profit through lower cost solutions that do not sacrifice quality or service.

## ENVIRONMENTAL POLICY

Pacer is committed to leading the industry in minimising the impact of its activities on the environment. The key points of our strategy to achieve this are: Purpose built premises utilising energy efficient technology and rain water collection. Actively promoting recycling both internally and amongst our customers and suppliers. To develop and promote a product range to minimise the environmental impact of our products. We are constantly evaluating and looking at substituting to a more environmentally friendly composition of raw materials for our products. To meet or exceed all the environmental legislation that relates to our industry.

## DISCLAIMER

The technical data and information provided, including the recommendations for applying & using our products, is given in good faith based on our current knowledge and experience and is believed to be accurate when applied under 'normal' conditions. In practice, the materials, surfaces or conditions are so varied that no warranty regarding the working results or any liability or guarantee can be inferred either from this information nor from a verbal consultation. It is recommended that the user makes his or her own tests to determine the suitability of the product for their own requirements.
