25/03/2020

### About us during the Covid-19 lockdown period:

From this afternoon we are closing our doors to normal operations at our branches nationwide as per Government requirements.

For those in our industry who are providing essential tyre services, you are **may** still be able to access our products. However we wish to play our part along with all New Zealanders and limit our staff movements in and out of our warehouses to the barest minimum. Please call your nearest branch to talk to someone about our capabilities to dispatch what you need..

If you are familiar with it, the best way is to try and place your order on our online platform. See [www.patchrubber.co.nz](http://www.patchrubber.co.nz). We will at least see your order and can advise if it can be filled.

Alternatively, phone your Patch Rubber rep directly on cell from the list below to see if they can help arrange the things you need.

Over time it **may** become possible to collect items directly from our branch but this would need to be pre-organised with our staff and there will be protocol observed to avoid physical contact. Please **do not** come to our branch unarranged.

Otherwise we will use **our best efforts** to get you your needs by whatever courier and transport services are available.

Remember this service is for **ESSENTIAL** products only and our service levels are very limited by current circumstances.

Jason Fenton:	021 973 138
