PC42E-D PRINTING OPTIONS

Tear Off

Most commonly used, print any number of labels and simply tear the labels off from the printer at the end of the print job. This method of printing is available on any PC41E-D or PC42E-D configuration.

Peel & Present (Self-Strip)

Self-Strip prints and presents only one label at a time already peeled from the backing strip/ liner, the next label will only be printed once the original label is removed from the media path. 3012-6755-002 PC42E-D Self-Strip + LTS Kit

Cutter

A cutter can be added to any configuration of PC42E-D, simply cutting between labels, or at intervals on continuous media. This method of printing is available on any PC42E-D configuration. 3012-6756-002 PC42E-D Cutter
