- Large diameter frame is more durable
- Extended handle (91cm) with tuff foam grips for added comfort
- Transparent cover for protection of the product against rain & wind

CD36S-EW Commercial 36"/91cm Drop Spreader

- HANDLE& BRACE– Long, heavy duty design provides increased walking clearance, less push effort, and is ergonomically contoured to reduce fatigue.
- WHEEL& TIRE– 13" diameter Stud Type tire on a rust proof composite rim.
- HOPPER– Heavy duty welded stainless steel construction, with highly accurate discharge mechanism.
- AGITATOR– Dual shielded stainless-steel agitators independently driven to assure proper material flow with minimum push effort.
- RATE MECHANISM– Highly visible, top mounted, and easy to adjust. ON/OFF– Lever operated, spring loaded.
- METAL FINISH– 5 stage phosphate pre-treatments with epoxy powder coating on the handle assembly.
- HOPPER COVER– See through cover prevents accidental spillage of material. Keeps fertilizer dry.

2030 Basic 30kg Broadcast Spreader

- The rustproof poly hopper holds up to 30kg
- The exclusive EV-N-SPRED® 3-hole drop shut-off system ensures even distribution of all granular materials.

7312 Deluxe Estate Drop Spreader

- 75lb/34kg Hopper capacity– rustproof poly construction
- 100lb/45kg Load bearing capacity - what the frame will support
- 12"/30cm diameter rubber capped wheels
- Epoxy Powder Coated Chassis
- Direct drive agitator
- Semi Assembled

- Rate Calculation Matrix included
