

IRON AC MAX

15 - 0 - 0

With 6% CHELATED IRON & 2% CHELATED MANGANESE

BENEFITS

High chelated iron and low nitrogen allows for fast green up, with no surge growth.

Provides 100% soluble iron in an immediately available form for both foliar and root applications.

Corrects iron deficiency overnight.

Compatible with plant growth regulators.

Iron and Manganese combine to promote photosynthesis and fast green up.

Can be safely tank mixed with a wide range of other fertilisers and chemicals .

Compatible with herbicides and pesticides.

FEATURES

Iron Max is 100% chelated Iron with Manganese which is important for good green colour, (chlorophyll synthesis) and for photo- synthesis. **Iron Max 6%** is amine compatible and can be used with insecticides, herbicides and fungicides. **Iron Max 6%** can be used for regular turf maintenance

to enhance rich green colour and promote strong root systems in high traffic areas and stress conditions.

FOR USE

Turf: Golf greens, Tees, Fairways, Athletic fields, Cricket pitches and Lawns. Ornamentals: nursery, trees, shrubs.

GUARANTEED ANALYSIS

Total Nitrogen (N) 15%

15% Urea N

Sulfur (S) combined 3.5% chelated

Iron (Fe) 6% chelated

Manganese (Mn)

Derived from: Technical grade low Biuret Urea, Ferrous sulphate and Manganese sulphate.

Chelating agent: Citric acid.

Pack Size 10 L or 110 L or 1000L

Weight per litre 1.34 Kg

Iron per Litre 0.08 Kg

APPLICATION

Application	Rate per Hectare	Frequency
Bentgrass and Poa Tees & Greens	10 – 20 L	Apply every 14 days
Fairways, Athletic fields and Lawns	15 – 20 L	Every 30 days
Over seeding	6 - 18 L	Every 30 days or as required
Trees, Shrubs and Ornamentals: Foliar spray Soil drench	4 - 5 L in 400 L water 240 ml per 4 L water	Thoroughly drench soil around area
Nursery application: Corrective Maintenance	2 L in 400 L water 1L in 400 L water	Thoroughly spray to the point of runoff Apply every 30 days or as needed
Greenhouse & Nursery Injection Ratio. 1:100	100 ppm	300ml in 4 L water

High chelated iron.
Compatible with plant growth regulators
