PRESSURE RANGE: 0-210 BAR  
RATED FLOW: APPROX 24 LPM

ORDERING CODES	APPROX. WEIGHT [KG]	MATERIAL	SURFACE FINISH	PRESSURE RATING [BAR]
102485-01	0.8KG	6061-T6 ALUMINIUM	NIL	210 BAR

### OPERATION:

Used for mounting PrimeHyds PMC30 control valves 90° from PrimeHyd's power pack center block. This block is simply a pass through for both pressure and tank ports.

### INSTALLATION:

To be installed using 2x M10x75 SHCS. Ensure orings are fitted to the PMC30 valves and center block and are correctly seated when installing.
