## System 7+7 HD MCF

### **Sachtler System Cine 7+7 carbon fibre with Fluid Head, ENG 2 CF Heavy-Duty Tripod , Mid-Level Spreader & Bag**

SKU: 1973

Combining the established cine-features of larger Sachtler heads with the advantages of a more compact 100 mm fluid head, the Sachtler Cine 7+7 HD Fluid Head is a perfect solution for people working with lighter film set-ups. Designed for film and video camcorders that feature a 100 mm ball and provides two support ranges: 2-15 kg for shooting with compact-sized cameras, and 9-22 kg for shooting with medium-sized cameras.

Its sideload clamping system combines the features of a quick release plate and a sliding balance plate to make it easier to mount and dismount the camera from the tripod. Seven step horizontal and vertical drag settings, very wide load range, Speedbalance technology and a front pan bar give you a full range of seamless smooth movement.

Being able to support heavier payloads doesn't mean that you have to give up on speed, simplicity and reliability. The Sachtler ENG 2 CF Heavy-Duty Carbon Fibre Tripod handles up to 95 kg while providing the lightweight, durable design that helps crews all over the world create amazing results in a range of environments. The carbon fibre design is stable and twist resistant, while the quick clamping system makes its simple to setup and start working safely.

The Sachtler ENG 2 CF Heavy-Duty Carbon Fibre Tripod's dual extension provides a maximum height of 161 cm, along with a transport length of 75 cm and weight of 4 kg. Making everything easier is a built-in transport safety cord that prevents the legs from opening while you are moving the tripod. Operate with confidence in all environments with this robust and reliable tripod.

## Technical specifications

Feature	Metric	Imperial
Range	Cine	Cine
Payload	2 to 22 kg	4.40 to 48.40 lb
Bowl size	100 mm	100 mm
Spreader type	Mid-level spreader	Mid-level spreader
Material	Carbon Fibre	Carbon Fibre
Transport length	940 mm	36.66 in
Tripod stages	2	2
Height with spreader	0.73 to 1.74 m	2.39 to 5.71 ft
Weight	9.50 kg	20.90 lb
Temperature range	-40 to 60 °C	-40 to 140 °F
Tilt range	90° to -70°	90° to -70°
Sliding range	150 mm	5.85 in
Interface Compatibility	Sideload	Sideload
Counterbalance	16 counterbalance steps + Boost Button	16 counterbalance steps + Boost Button
Drag	7 + 0 horizontal and vertical grades of drag	7 + 0 horizontal and vertical grades of drag

## What's in the box?

- **Mid-level spreader 100/150**
- **Rubber Feet 100/150**
- **Cine 7+7 HD**
- **Tripod ENG 2 CF heavy duty**
- **Padded bag ENG/EFP**
