

DESCRIPTION:

Paint Stripper is an aggressive, heavy duty paint remover and will remove most automotive paints leaving a clean readily sealable metal surface. Apply with a brush.

DIRECTIONS:

Apply by using a brush to the surface and allow the paint stripper to react with the paint until it is loosened. Remove the stripper and paint by scraping off the wrinkled film with a scraper or alternatively by hosing off with a strong jet of water.

APPLICATIONS:

Paint remover.

PROPERTIES:

White cream liquid with a slight chloroform odour.

Available Sizes:

PS4

PS20

OUR VISION AND MISSION

To be the leading value-based provider to the market. We have a dedicated team to achieve excellence for our customers and a philosophy of total quality. We conduct business and create relationships in an ethical and sustainable manner with customers, our community and the environment. The value we provide our customers is the opportunity to increase profit through lower cost solutions that do not sacrifice quality or service.

ENVIRONMENTAL POLICY

Pacer is committed to leading the industry in minimising the impact of its activities on the environment. The key points of our strategy to achieve this are: Purpose built premises utilising energy efficient technology and rain water collection. Actively promoting recycling both internally and amongst our customers and suppliers. To develop and promote a product range to minimise the environmental impact of our products. We are constantly evaluating and looking at substituting to a more environmentally friendly composition of raw materials for our products. To meet or exceed all the environmental legislation that relates to our industry.
