

:: Cockpit-Spray

cleaning spray

CHARACTERISTICS

COCKPIT SPRAY is designed for the care and cleaning of the dashboard, instruments, and plastic parts inside your car. This product is silicon-free, has an anti-static effect, and brightens colors. COCKPIT SPRAY has a pleasant orange scent.

APPLICATION

For all plastic and rubber surfaces in car interiors, etc.

HANDLING

Shake the spray can well for at least 1-2 minutes before use. Spray a small amount of COCKPIT SPRAY on the surface to be cleaned and immediately work it into the surface using a soft cloth. Do not apply COCKPIT SPRAY to the steering wheel because it may cause you to lose your grip on the wheel while driving.

SAFETY ISSUES

The before mentioned technical data and information, especially the recommendations for applying and using our products, are based on our current knowledge and experience when applied under normal conditions. In practice, the materials, surfaces or site conditions are so different that no warranty regarding the working results or liability, arising out of any relationship, can be inferred neither from this information nor from a verbal consultation, except we are charged with intent or gross negligence. In this case the user is obliged to prove that he has informed us about all points required for a proper and promising judgement in writing, in time and completely. Patent rights of any third party are to be observed. Furthermore, our general sales and delivery Terms and Conditions and the latest
