Product Code	Outer Pack	APN
CHCR-80750 (750ml – Ready to use)	12	9324828003427
CHCR-80012 (1L)	12	9324828002772
CHCR-80015A (5L)	3	9324828002802
CHCR-80015 (15L)	1	9324828002796
CHCR-80224 (Dispenser bottles)	24	

Application

Task	Method	Dilution
Shower cleaning	<u>Daily application</u> 1. Using a spray bottle with foaming trigger, generously spray shower/fixtures after use. 2. Spray enough detergent to wet all surfaces then leave to dry. 3. The flushing of next use will wash away soap scum and help prevent soil build-up.	1 to 10 parts water
Initial clean: Shock treatment	1. For immediate results, squirt directly over surface or pour onto a white scour and wipe over surface, lightly agitating. 2. Allow to stand for a few minutes and pressure flush off with clean water. 3. On heavily soiled surfaces scrub grout lines to remove black deposits. 4. Leave on surface for at least 10 minutes prior to rinsing.	1 to 1 part water
Walls and ceilings	Using on painted bathroom walls above the tile line to remove mildew and the spores causing mildew growth. Regular use will keep mildew away.	1 to 10 parts water
Floor tiles	Suitable for mopping ceramic floor tiles.	1 to 100 parts water

IMPORTANT: LENCIA is mildly acidic. It must not be used on marble, limestone, terrazzo or granite surfaces.

Pre-test on brass taps to ensure coating is not cracked or chipped. Test for suitability on painted surface prior to use.

Note: 750ml product is already diluted and ready to use.

Risk: Irritant. Irritating to eyes. Repeated exposure may cause skin dryness or cracking.

Safety: Do not breathe mists. Wear suitable protective clothing. Avoid contact with skin and eyes.

Considered hazardous according to the criteria of Safe Work Australia.
