

Suma Ilan L1.8

Dishmachine detergent and destainer for soft water

Suma Ilan L1.8 is a high alkaline dishmachine detergent specially formulated to provide excellent stain removal in soft water conditions.

Key Properties

Suma Ilan L1.8 is a chlorinated, alkaline liquid detergent which is suitable for use in a wide range of single and multi-tank dish machines. It contains a blend of scale inhibitors, caustic alkali and chlorine bleach, which will provide excellent soil removal in soft water conditions.

Benefits

- ▶ Intensive cleaning action to rapidly remove fats, starch and proteins
- ▶ Concentrated formulation gives greater economy in use
- ▶ Effective removal of tannin stains

Designed For

- ▶ Hospitality
 - ▶ Lodging
 - ▶ Healthcare
 - ▶ Food Service
-

Use Overview

Directions for Use

Suma Ilan L1.8 is normally applied using Diversey automatic dispensing equipment. To ensure perfect cleaning results, dose at a concentration of 0.8 - 4ml/L, depending on local site conditions. Rinse product contacting surfaces with potable water after use. Please consult your Diversey representative for optimum performance.

The product can be used for water hardness up to 50 ppm CaCO₃

Product Specifications
