

Divosan Hypochlorite VT3

General Purpose Concentrated Liquid Sanitiser

Divosan Hypochlorite VT3 is a concentrated liquid sanitiser for general use. It has a wide antibacterial spectrum and is effective against most vegetative forms of micro-organisms.

Features

- ▶ Divosan Hypochlorite is a concentrated sodium hypochlorite solution providing broad spectrum antibacterial action.
- ▶ Powerful oxidising action that assists stain removal
- ▶ Can be used as a final step sanitiser in both open and closed plant (CIP) systems
- ▶ Suitable for manual, soak and spray applications in open plant cleaning and also for automatic dosing for CIP

Benefits

- ▶ Cost efficient
- ▶ Highly effective sanitiser
- ▶ Excellent stain removing properties
- ▶ Non-foaming and free-rinsing
- ▶ Effective in soft or hard water

Designed For

- ▶ Healthcare
- ▶ Lodging
- ▶ Food Service
- ▶ Retail
- ▶ Government
- ▶ Food Processing

Use Overview

Directions for use

General Sanitising

1. Dilute Divosan Hypochlorite at 1 ml/L water.
2. Apply to surface either manually or via spray.
3. Allow 5 minutes contact time.
4. Rinse thoroughly with potable water.

Fruit and Vegetable Washing

1. Pre-rinse fruit and vegetables with fresh water.
2. Prepare a 0.4ml/L of Divosan Hypochlorite into a clean sink.
3. Check concentration is 50ppm.
4. Submerge fruit and vegetables for 3-5 minutes.
5. Rinse with potable water and drain well.

Destaining Chopping Boards

1. Thoroughly clean and rinse chopping boards.
2. Prepare Divosan Hypochlorite solution, 8ml/L water.
3. Soak boards in solution for 10-20 minutes.
4. Scrub boards and rinse thoroughly. Rinse product contacting surfaces with potable water after use.
5. Air dry boards before storing.

Avoid prolonged contact with aluminum and galvanised surfaces

Other Dilution Rates:

For CIP sanitising: Use 3ml/L water and circulate

For protein removal: Use 30ml/L water

Note: Must rinse with potable water after use.

Product Specifications

Description	
Appearance	Clear pale yellow liquid
Specific Gravity	1.20
pH (neat)	12.5

Use Overview

These figures are typical values and should not be interpreted as specifications.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet. Store in original closed containers or (where applicable) in approved bulk tank, away from sunlight and extremes of temperature.

Product compatibility

Divosan Hypochlorite when applied at the recommended concentration and temperature is suitable for use on the grades of stainless steel commonly found in the processed food industry. It is unsuitable for use on cuprous materials and on soft metals such as aluminium. Always rinse surfaces thoroughly after use (within 1 hour). In the event of uncertainty, it is advisable to evaluate individual materials before any prolonged use.
