GRILLMASTER **K3**

HEAVY DUTY OVEN & GRILL CLEANER

DESCRIPTION

GRILLMASTER is a heavy duty caustic based detergent combining specialty surfactants with water softening agents to provide maximum cleaning on mild steel, cast iron and stainless steel surfaces.

N.B: GRILLMASTER must not be used on reactive metals such as aluminium.

APPLICATIONS

GRILLMASTER is specifically formulated to remove heavy deposits of grease, fat, oil and carbonised soils from hot plates and ovens. It is also recommended for cleaning stainless steel canopies and benches in kitchen environments.

BENEFITS

- Concentrated liquid - economical and safe to dose compared to powders.
- Contains speciality wetting agents to enhance cleaning and provide good rinsing properties.
- Contains no volatile solvents to ensure safe use on warm surfaces.

DIRECTIONS FOR USE

IMPORTANT: Surface to be clean should be just warm NOT HOT.

Gloves must be worn at all times

Spray GRILL MASTER HEAVY DUTY OVEN AND GRILL CLEANER using foam head on to warm 50°C surface. Cover soiled areas with foam, let stand 5-10 minutes.

On cold surfaces, let stand for minimum 10 minutes. Wipe off with damp cloth, rinse surface with water. Avoid contact with aluminium and painted surfaces.
