

## FIRE DOG RAPID OVEN & HOT PLATE CLEANER

### FEATURES

- Concentrated Liquid Formula
- Breaks Down Baked on Fats & Grease
- Fast Action
- Multipurpose

### DESCRIPTION

FIRE DOG is a heavy duty oven and hot-plate cleaner for applications where there is not enough time to wait for the action of normal cleaners. The chemical activity is boosted to allow for quicker removal of fats and grease.

FIRE DOG can also be used as a drain and sewer cleaner / maintainer. It is safer to use as there is not the heat and agitation produced.

### DIRECTIONS FOR USE

Do not use on aluminium or zinc. Avoid contact with linoleum, chrome, painted and varnished surfaces. Do not use with acids or other chemicals.

Squirt neat product to warm (NOT HOT) surface, making sure to spread evenly over surface. Do NOT atomise the product. Do NOT leave product in unmarked bottles or open containers. Leave surface, wetted with product, for a few minutes and then wipe surface with an absorbent cloth.

For food contacting surfaces, rinse surface with potable water.

For very stubborn deposits of carbon, use of a scraper or abrasive griddle pad will facilitate their removal.

### SAFETY INFORMATION

Refer to the Material Safety Data Sheet before using the product. Firedog in its concentrated form is classified as a very corrosive substance. Refer to the MSDS for First Aid statement and other safety information.

All Jasol products, including SC3 – DEGREASER are inherently biodegradable.

### PACK SIZES

6X1L, 5L
