

# Divosheen 209

Heavy duty acidic CIP detergent descaler

## Description

Divosheen 209 is a low foaming, high active, non-fuming nitric/phosphoric acid detergent descaler for use in a wide range of CIP applications in the food and beverage industry.

VA4

## Key Features

- Divosheen 209 is highly effective at removing inorganic scale deposits, including calcium oxalate (beerstone).
- Divosheen 209 is low foaming and suitable for use in CIP applications under conditions of high pressure and turbulence.
- Divosheen 209 is highly economical at in use concentrations.
- Divosheen 209 is a conductive liquid detergent and suitable for automatic dosing and control.

## Benefits

- Highly effective in removing most inorganic scale deposits, improving operational efficiency.
- Can be used for the passivation of new stainless steel CIP and Bottlewashing installations.
- Suitable for automatic dosing and control by conductivity, ensuring consistent delivery of product.

# Divosheen 209

## Heavy duty acidic CIP detergent descaler

### Use Instructions

Typical use concentrations depend upon application and level of scale. Rinse product contacting surfaces with potable water after use.

**Descaling:** Use at concentrations between 2.5%-13%w/w (2%-10%v/v) at temperatures between 20°C-60°C.

**CIP:** Use at concentrations between 1.0%-2.5% w/w (0.8%-2% v/v).

### Product compatibility

Divosheen 209 is safe for use on all type of materials commonly found in CIP circuits when applied under the recommended conditions. In the event of uncertainty it is advisable to evaluate individual materials before any prolonged use.

### Safe handling and storage information

Store in original closed containers or (where applicable) in an approved bulk tank, away from extreme temperatures. Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet.

### Product Specifications

Appearance	Clear colourless liquid
Relative density at 20°C	1.28
pH (1 % solution at 20°C)	1

The above data is typical of normal production and should not be taken as a specification

### Approvals

In New Zealand: NZFSA approved C31. (All animal product except dairy). Passed AsureQuality assessment for food/beverage/dairy/factories food contact surfaces h2089 with conditions.

### Safety Reminder:

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use, and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDSs are available online at [www.diversey.com](http://www.diversey.com) or by calling Toll free: Australia, 1800 647 779 or New Zealand, 0800 803 615.
