

Deb InstantFOAM®

Alcohol-Based Foam Hand Sanitiser

PRODUCT DESCRIPTION

Highly effective alcohol based hand sanitiser dispensed as a foam. The world's first alcohol foam hand sanitiser.

WHERE TO USE

Ideal for use in all food handling environments where high levels of hand hygiene are vital. Also, suitable for use in cafeterias, office areas, rest areas and any public facility to help prevent the spread of germs

WHEN TO USE

Food handling environments – use hand sanitiser as recommended by HACCP risk assessment.

General hygienic use – use hand sanitiser after coughing, sneezing, contact with body fluids or touching potentially contaminated surfaces.

HOW TO USE

For **general hand hygiene** – apply 1-2 doses to clean dry hands and rub in well across all parts of hands for a minimum of 15 seconds or until hands are dry.

FORMAT: **FOAM**

| FEATURES | BENEFITS |
|--|--|
| Good Environmental Choice Australia Certified Product | This product has been independently certified as meeting the requirements of Good Environmental Choice Australia PCPv4.1i-2013 Personal Care Products Standard. See www.geca.eco |
| Highly effective | Highly effective formula kills 99.999% of many common germs. |
| Instant foam action - dispensed as a foam | Rapidly and easily rubs across hands, providing the user with complete control of the product, preventing the dripping and splashing associated with using liquid alcohol sanitisers. |
| Does not contain gelling agents | Unlike alcohol gel sanitisers, the product does not contain gelling agents that leave the hands feeling sticky, particularly after multiple use. |
| Pleasant-to-use | The rich foam is extremely pleasant for frequent use in-between hand washing, encouraging maximum compliance. |
| Perfume-Free and Dye-Free | No added perfume or dyes. Ideal for people who are sensitive to perfumes and dyes and who prefer products which do not have these added. |
| Clinically proven skin friendly formula | Independently tested and proven to prevent skin dryness even after frequent use. |
| Skin Hypoallergenic | Formulated to have low allergic potential to the skin and assessed by an independent toxicologist to be declared as "Skin Hypoallergenic". |
| Awarded with the quality seal ECARF | Ideal for persons suffering from allergies and suitable for sensitive and eczema-prone skin. |
| Non-tainting and HACCP assessed formula | When used as directed in food production and preparation areas, the product does not influence the quality of foodstuffs or present any risk to the health of its consumers. |
| No mess | Does not clog pumps or splash and drip on surrounding floor and wall surfaces as associated with liquid and gel sanitisers. |
| No water required | Quickly dries on hands without the need for rinsing with water. Ideal for use outside the washroom at the point of need. |
| Convenient | Available in a range of sizes for use in different workplace and public environments. |
| Glove compatible | Suitable for use with latex, vinyl and nitrile gloves. |

Deb InstantFOAM®

Alcohol-Based Foam Hand Sanitiser

SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to our Safety Data Sheet which can be downloaded from www.debgroup.com/au/sds.

HANDLING INSTRUCTIONS

Use safely. Always read the product instructions before use. Please refer to the label or SDS for safety information.

SHELF LIFE

This product has a shelf life of 48 months.

SUITABLE FOR USE IN FOOD HANDLING

The use of Deb InstantFOAM® as per usage instructions, does not influence the quality and safety of foodstuffs.

The product has been assessed using the HACCP hazard analysis methodology. The following critical control points were identified and are controlled as follows:

1. Impact on smell and taste of foodstuffs – The formulation has been independently tested according to ‘Sensory Analysis – Methodology – Triangle Test BS EN ISO 4120:2007’ and proven to not have the potential to taint food.
2. Possible toxic effects of ingredients – An independent oral toxicological evaluation was performed and concluded that any foodstuffs which may contain trace amounts of the product, are unlikely to cause any adverse toxicological effects.

CERTIFICATIONS

The **European Centre for Allergy Research Foundation (ECARF)** awards the ECARF-quality seal to allergy-friendly products.

Cosmetics can receive this seal when following criteria are met:

1. Quantitative risk assessment of the product ingredients with respect to their potential for sensitisation, taking into account their specified conditions of use and amount.
2. Medically supervised clinical trials by volunteers with atopic dermatitis.
3. Approved system of quality control management.

The **Good Environmental Choice Australia** Ecolabel certification scheme is Australia’s leading environmental certification program. GECA’s Ecolabel trade mark indicates the environmental performance of a product has been certified from multi-criteria perspective. Products that carry the Ecolabel trade mark are certified environmentally preferable by GECA.

INGREDIENTS

ETHANOL, AQUA, PROPYL ALCOHOL, BIS PEG-12 DIMETHICONE, BEHENTRIMONIUM CHLORIDE, COCO-GLUCOSIDE, DENATONIUM BENZOATE, DIHYDROXYPROPYL PEG-5 LINOLEAMMONIUM CHLORIDE, GLYCERYL OLEATE, PEG-200 HYDROGENATED GLYCERYL PALMATE, PEG-7 GLYCERYL COCOATE

QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow Current Good Manufacturing Practice (cGMP) and/or Cosmetic GMP requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in SC Johnson Professional’s high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

COMPATIBILITY ASSURANCE

Glove Compatibility

In independent testing, the use of Deb InstantFOAM® in combination with reputable latex, vinyl and nitrile gloves does not have any deleterious effect on the glove tensile properties using BS EN 455-2:2009 test methodology.

PRODUCT SAFETY ASSURANCE

Skin Compatibility Test

Clinical dermatological tests have been conducted to assess the skin compatibility of the product using voluntary test persons in enclosed and repeat application models. These tests, as well as in practical use, have proven that the product has very good skin compatibility. Skin compatibility expert reports are available upon request.

High Frequency Usage Study

In independent testing, Deb InstantFOAM® was proven to have no adverse effect on the skin condition of the healthy hands of test panellists, even after 48 applications per day for 5 days. Deb InstantFOAM® was found to be significantly more moisturising compared to the control product - a market leading gel format hand sanitiser. Skin condition was assessed using Trans Epidermal Water Loss (TEWL) measurements, corneometry, visible redness inspection and skin conductance.

Toxicological Approval

The product has been independently assessed for human toxicity and product stability. It is declared safe for intended use, meeting all relevant regulatory requirements.

Skin Hypoallergenic Risk Assessment

The formulation has been assessed by an independent toxicologist to be formulated in such a way as to provide either minimal or no risk of provoking an allergic skin response and thus meets the requirements for being described as “Hypoallergenic” (Delphic Solutions Ltd, UK).

Allergy sufferers should always refer to the ingredient list before using the product.

PACK SIZES

| Stock Code | Size | Case Quantity |
|------------|--|---------------|
