

# Hepa... High efficiency

## PPH 320A

### Hepa cleaner and even better

Once again we have taken all the many advanced features of the ProVac model range and introduced an additional Hepa filter module achieving an exceptional H14 – 99.997% standard, down to 0.3 micron particle size.

Compact in size, efficient in performance, AutoSave energy conservation, TwinFlo motor, double plugged rewind system together with high efficiency Hepa filtration ...

You really won't find better.

*If it's Hepa H14 you are after make sure it's fully approved, your guarantee of performance.*
