YOU'RE IN SAFE HANDS

SHOWA 305 GRIP XTRA

FEATURES

- + USFDA Compliant
- + Level 5 Cut Resistance
- + EU Foodsafe
- + Ambidextrous

Cotton/Polyester liner provides an excellent compromise between durability and flexibility. The natural rubber coating offers good resistance to tearing, puncturing and abrasion. The variable thickness of the coating on the back of the hand enables it to remain highly flexible and therefore more comfortable during use. The glove is excellent for handling both wet or dry parts. The seamless liner and anatomical shape maintain its dexterity, reduce hand fatigue and prevent irritation. The elasticated cuff keeps the glove correctly adjusted.
