

Sanctband Loop Band

Sanctband Loop Bands are made from natural rubber latex material. It is a continuous Loop Band that has a width of 2 inches and comes in 2 sizes, 9 inches (Small) and 13 inches (Medium). Sanctband Loop Bands are formulated to allow linear increases in resistance as the bands are stretched.

Sanctband Loop Bands are used for a variety of applications and is ideal for lower body exercises, designed to increase balance, strength and flexibility. It is widely used in sports performance enhancement training, physiotherapy, rehabilitation and in Yoga and Pilates. With the LOW POWDER and REDUCED PROTEIN features, Sanctband Loop Bands are formulated to reduce the sensitivity to latex protein allergy experienced by some people.

To boost fun-filled sentiments onto resistance training, Sanctband Loop Band comes in a range of vibrant colours to differentiate its strength. It is available in four resistance levels.
