YURRITA GASTRONOMIKA TUNA

PRODUCER: *Yurrita Gastronomika*

ORIGIN: *Mutriku, Basque Country, Spain*

ANIMAL: *Albacore Tuna*

STYLE: *Conservas*

This is quality tuna, Spanish style. It is albacore tuna, known to the Spanish as *bonito del norte*, and harvested in the spring from a MSC certified fishery in the Bay of Biscay. The fish are hand trimmed, quickly cooked in salty water, hand packed in glass jars, topped with olive oil, and then pasteurised for food safety and long shelf life.

The flavour and texture is head and shoulders above the usual supermarket brands of tuna, and should be considered a household pantry staple – always have a jar or two of Yurrita Tuna for laying slices on top of a salad with eggs and Caesar dressing – or simply put some on crackers, sprinkle with salt and serve as a snack with beer or wine. Yurrita Gastronomika tuna has a clean, meaty texture with long depth of flavour and appetizing aroma. It is a jar of everyday, affordable luxury with all the healthy appeal of fresh fish.
