

PowerG 360° Ceiling-Mount PIR Detector

PGx862

360° Motion Detection

Provides circular detection up to 10m (32.8ft) in diameter. Ideal for securing mid-sized rooms with one sensor.

Sleek, Modern Design

Contemporary styling and ceiling-mounted placement make it unobtrusive and tamper-resistant.

PowerG Technology

Delivers secure, long-range, and reliable performance—even in challenging environments.

Superior False Alarm Immunity

Advanced motion recognition ensures reliable performance while minimizing false alarms from environmental disturbances.

Long Battery Life

Powered by a 3V CR123A lithium battery for up to 5 years of battery life.

Easy Installation

Wireless design, compact form factor, and ceiling placement simplify installation and reduce visual impact.
