Nibbio
Quick guide
Wireless indoor reed-switch opening detector

D'AVINCI
*security products*

Installation guide

A

Fix the support to the wall using the screws provided or temporarily with the adhesive kit included in the package

B

Pull out the battery tab on the back of the detector.
C

Fix the detector on the bracket.

D

- Make sure you have aligned the detector in the right direction with the magnet before attaching it.
- On one side there is a small protrusion at the height of the LED which indicates the presence of the internal reed where it must be placed alongside the magnet.

Adhesive application

Configuration Nibbio via app D'AVINCI

Open the D'AVINCI app where the first system has been previously created.

Before scanning the QR code on the sensor Press the **Add Device** button. Type the requested data.

Press the sensor icon that has been added to enter the sensor status. Select the gear icon on the top right to program the device.
