WI-PE51G | WI-PE21E | WI-PE21G

PoE Extender

Wi-Tek PoE Extender extends a PoE+/PoE++ network connection 100m with 100Mbps from the PoE power source equipment. DIP switch provides Extend mode(250m Long range), and VLAN mode. No configuration is needed, quick provision and more flexible project adaptation.

Key Features

- High power PoE output
- Compatible with 802.3af/at/bt PoE powered devices
- 250m long distance for PoE ports
- Port isolation for security
- Support desktop mount and wall mount
- Plug and play, zero configuration
- Forwards both Ethernet data and PoE power to remote device
- Cost-effective to extend your network
