

EM COVER - WP

TROJAN
DEVELOPMENTS

Weather Protected (IP55 rated) Em Cover - Monitored

The Em Cover - WP is the same as the standard Em Cover unit except that it provides additional protection against dust and water ingress. The Em Cover - WP is designed to withstand splashes and sprays, but is not designed for submersion or exposure to high-pressure water streams.

Features:

- ▼ Fitted with an EVA gasket to provide a weather protection seal
- ▼ Designed to complement the Em Rex-WP & Smart Em Rex-WP units and complies with local codes for emergency egress
- ▼ Two outputs, one set for local audible indication and one set for status monitoring by the Access Control System
- ▼ The Em Cover-WP is secured behind the Em Rex-WP unit to prevent removal
- ▼ The cover is designed to latch closed to make its operation a deliberate action
- ▼ The cover is made of polycarbonate to withstand long term operation without deterioration
- ▼ Text and graphics will not deteriorate over time and the unit is easily cleaned

Specifications:

- ▼ Overall dimensions; 92mm (w) x 153mm (h) x 20mm (d)
- ▼ Switching voltage max is 30Vdc @ 200mA
- ▼ Output for connection to the Em Rex / Smart Em Rex® for audible indication
- ▼ N/C output for status monitoring to the Access Control System (opens on activation)
- ▼ IP55 rated

Product code:

- ▼ ECM-WP
