GFPR203

DESIGNED TO PROTECT FORCE 360

Cut Resistant Food Grade

WHITE 13 GAUGE

Features

- Force360's exclusive Sinomac engineered yarn not only offers Cut level 5 / D protection but brings coolness to the hand in combination with a soft flexible feel for maximum comfort and dexterity
- Knitted 13 gauge liner provides excellent dexterity for general purpose work
- 360 degrees high-visibility yellow provides additional visual wearer safety
- Ambidextrous design that allows the glove to be worn on either hand or reversed
- May be used as a liner glove
- Available in white (FPR203), blue (FPR204), hi-vis yellow (FPR206) and hi-vis orange (FPR207) for specific tasks to avoid cross contamination
- Keeping hands cool is critical for comfort and improved wearer compliance. Only selected materials that allow air flow are used to ensure 360 degree air circulation and enhanced breathability
- The Actifresh Sanitized treatment neutralizes odour creating bacteria ensuring the gloves are kept fresher for longer

Force360 recognise that without product certification by a Notified Body all product performance testing, and adherence to standards claims cannot be independently verified. If they are not as claimed, serious safety implications for the wearer, and legal implications for the supplier and even the employer may arise.
Force360 source their entire range of Synthetic hand protection from a single manufacturing partner to ensure consistency and reliability of product, but most importantly Force360 have taken the further step of engaging a globally recognised Notified Body to audit and certify both the manufacturing process and the products.
All of Force360's hand protection is certified to the latest AS/NZS hand protection standards.

Key Technologies

Sinomac Synthetic
Force360's exclusive Sinomac engineered yarn not only offers Cut Level 5 protection, but has a soft, flexible feel that maximises wearer comfort and dexterity.

360° Breathability
Keeping hands cool is critical for comfort and improved wearer compliance. Only selected materials that allow air flow are used to ensure 360 degree air circulation and enhanced breathability.

Food Safe
The components of this glove are food contact approved according to Directive 2002/72EC for safe handling of meats, fish, shellfish and vegetables.

Actifresh
The Actifresh Sanitized treatment neutralizes odour creating bacteria. Gloves are kept fresher for longer. Actifresh resists UV degradation and maximizes product longevity.

Reach Compliance

Required Safe pH Level
Certified under AS/NZS 2161.2:2020

AZO Dye and Irritant Chemical Free
Certified under AS/NZS 2161.2:2020

Sun Protection

UPF50+ Sun Protection
Pass under AS/NZS 4399 Sun Protective Clothing.
Tested by Australian Radiation Protection And Nuclear Safety Agency (ARPANSA).

Glove Care

Machine Wash <40°C
Cold Water Rinse
Dryer <60°C
