MIRACLE - A9

NOVA

PRODUCT DESCRIPTION

LOCKDECODERS A9-NOVA-L 'NOVA Lite' Automatic Code Key Cutting Machine (Automotive & Domestic Keys)

This powerful machine is the latest addition to the long running A9 machine range and is capable of duplicating and cutting to code a wide Varity of key types - including automotive and residential keys using the Universal vice and domestic vices whilst also being a great option for either the workshop or van.

- *New Integrated Brushless DC motor delivers precise, stable and strong cutting whilst reducing power loss, heat, noise and vibrations.*
- *Increased work area that enables cutting of large transponder and remote keys without disassembly.*
- *LED illuminated cutting area also enables evening afterhours work*
- *Updated user-friendly design with recessed connection ports located on side of machine for quicker, less intrusive and easier connections.*
- *Versatile Universal Tablet Stand*
- *Machine is powered by the *NEW & IMPROVED* Codemaster 4 Software Platform!*
- *Communicates with machine via Bluetooth and/or USB-C to COM cable*
- *Updated User Friendly Interface*
- *Improved Communication and Connection speeds*
- *Instacode PC Compatible*
- *Constant database updates via Wi-Fi connection*
- *APP also available on PC and Mobile*

L3-30 Laser engraver

PRODUCT DESCRIPTION

The L3-30 is the latest Fiber Laser Engraver from LDC. The L3 series Engravers are professional Engravers perfectly suited to Locksmiths or similar that require a compact high quality commercial Laser Engraver, for fast engraving on items like Restricted Keys, Dog Tags, Scar Plates, Cylinders, Padlocks and 1000's of other things.

Fast, Quiet & Accurate

Advanced Laser technology

Laser Marking & Cutting

Minimizes installation space due to compact size (can be placed on table)

Safety Cover automatically closes when engraving is commenced & opens when finished.

Black / White engraving options

Internal camera enhances design process

Laser auto focusing automatically finds the focus point

Vacuum is automatically turned on & off as needed (very quiet)

Vacuum intakes dust and fumes keeping the work area clean and safe

NEW easy to use Magic Art 7 Software (Included)

The sight protection glass on the safety door protects users when looking at the engraving job

PRODUCT SPECIFICATION

- Max Material Height 100mm
- Internal chamber area 350mm(W) x 100mm(H) x 170mm(D)
- Max Material Weight: 20kg
- Air Cooling
- Laser Power: 30W
- Class 1 Laser
- Size (W X H X D): 404 x 556 x 590 mm
- Machine Weight: 46Kg

Accessories Included:

Art ID. L3-30

ML20

Restricted Key System

ML20

Restricted Key System

"A great opportunity to support your Association"

The latest Restricted Key System developed for the Master Locksmiths Association of Australasia (MLAA) and proudly supplied by SG Lock & Security.

Designed by the best in the industry with a superior key profile design that ensures the key clamps & cuts correctly and is one of the hardest inline restricted systems to manipulate on the market.

With 4 different key profiles, a massive range of 52 different barrels and a 10-year design registration on ALL 4 Key Profiles (A, B, C & M) you can provide your customer with a TRUE 10-year registration on a multi-profile site.

Design Registration until 2030

Design Registration provides legal protection against unauthorised key duplication/production.

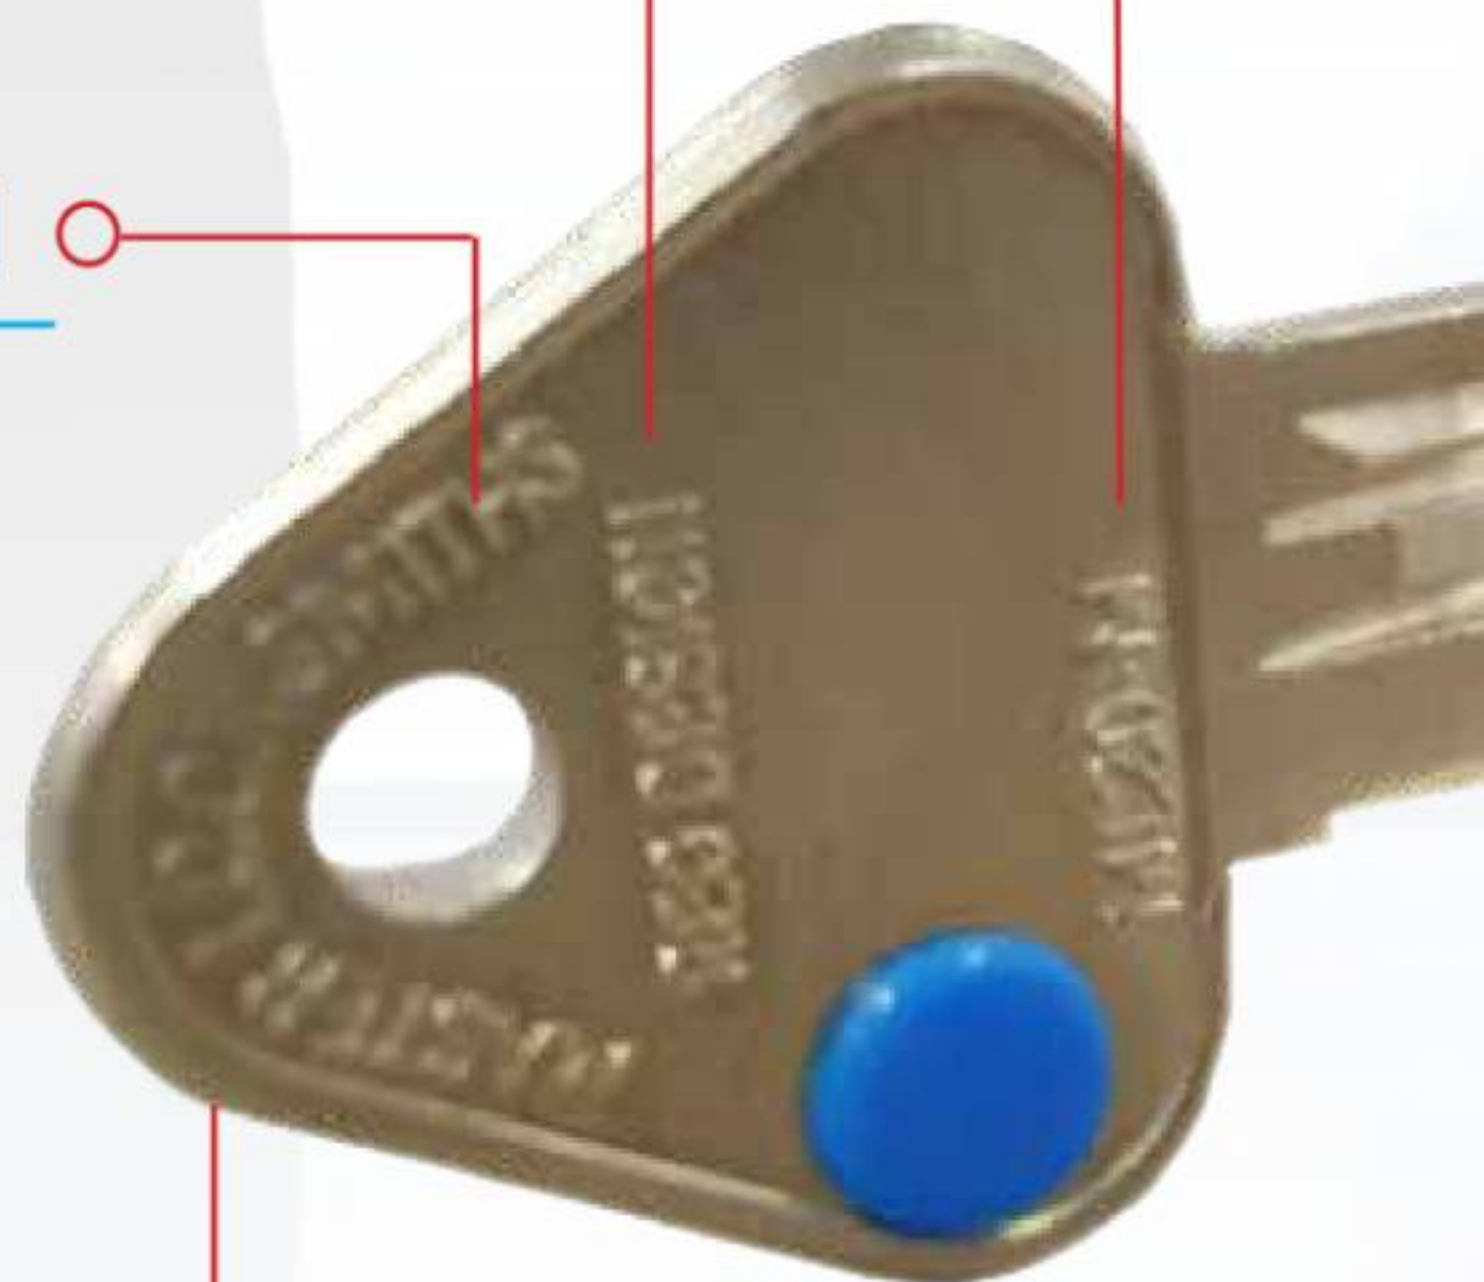

MLAA Trusted & Recognised Key Head

Nickel Silver - for strength!

High quality Nickel Silver keys, extremely strong and durable.

Precision colour inserts for easy identification.

Customer Testimonial

“ As an organisation, we have been very impressed with the ML20 keying platform. The barrel range is more than ample and the assembled product works perfectly in all the housing brands (oval & night latch) that we have tried. The ability to acquire short-run key blanks is an added feature that we’ve not had available from any other keying platform before. This provides us reassurance that when we need to use another of the keyways, we can achieve this with short run blanks until our coined blanks arrive. SG Locks have done a superb job in bringing this MLAA branded product to the market. Thank you to the whole team! ”

- CLASS LOCKSMITHS

Multiple Profiles (A, B, C & M) Available NOW

Caters for large multi-profile sites.

Design & create systems with expansion from the very start. A, B, C & M profiles all available

Range of 52 Different Barrels

Complete range of barrels to suit all common locks.
Note: 13 different barrels in A, B, C & M Profiles.

Superior Key Design

The key profile design ensures accurate clamping & cutting every time. ML20’s intricate profile designs also ensure it is one of the hardest inline restricted systems to manipulate.

SMALL PINNING MAT

SUITABLE FOR VANS (305MM X 203MM)

(SMALL 305mm x 203mm)

PRODUCT DESCRIPTION

This high quality rubber pinning mat from SP LOCK PINS is a must have for any mobile locksmith.

The mat comes with several raised sections and indents to help prevent pin loss and streamline the pinning job process.

The underside of the mat is also mildly adhesive ensuring it stays in place and won't slide around, making it a great option for vans and mobile workshops.

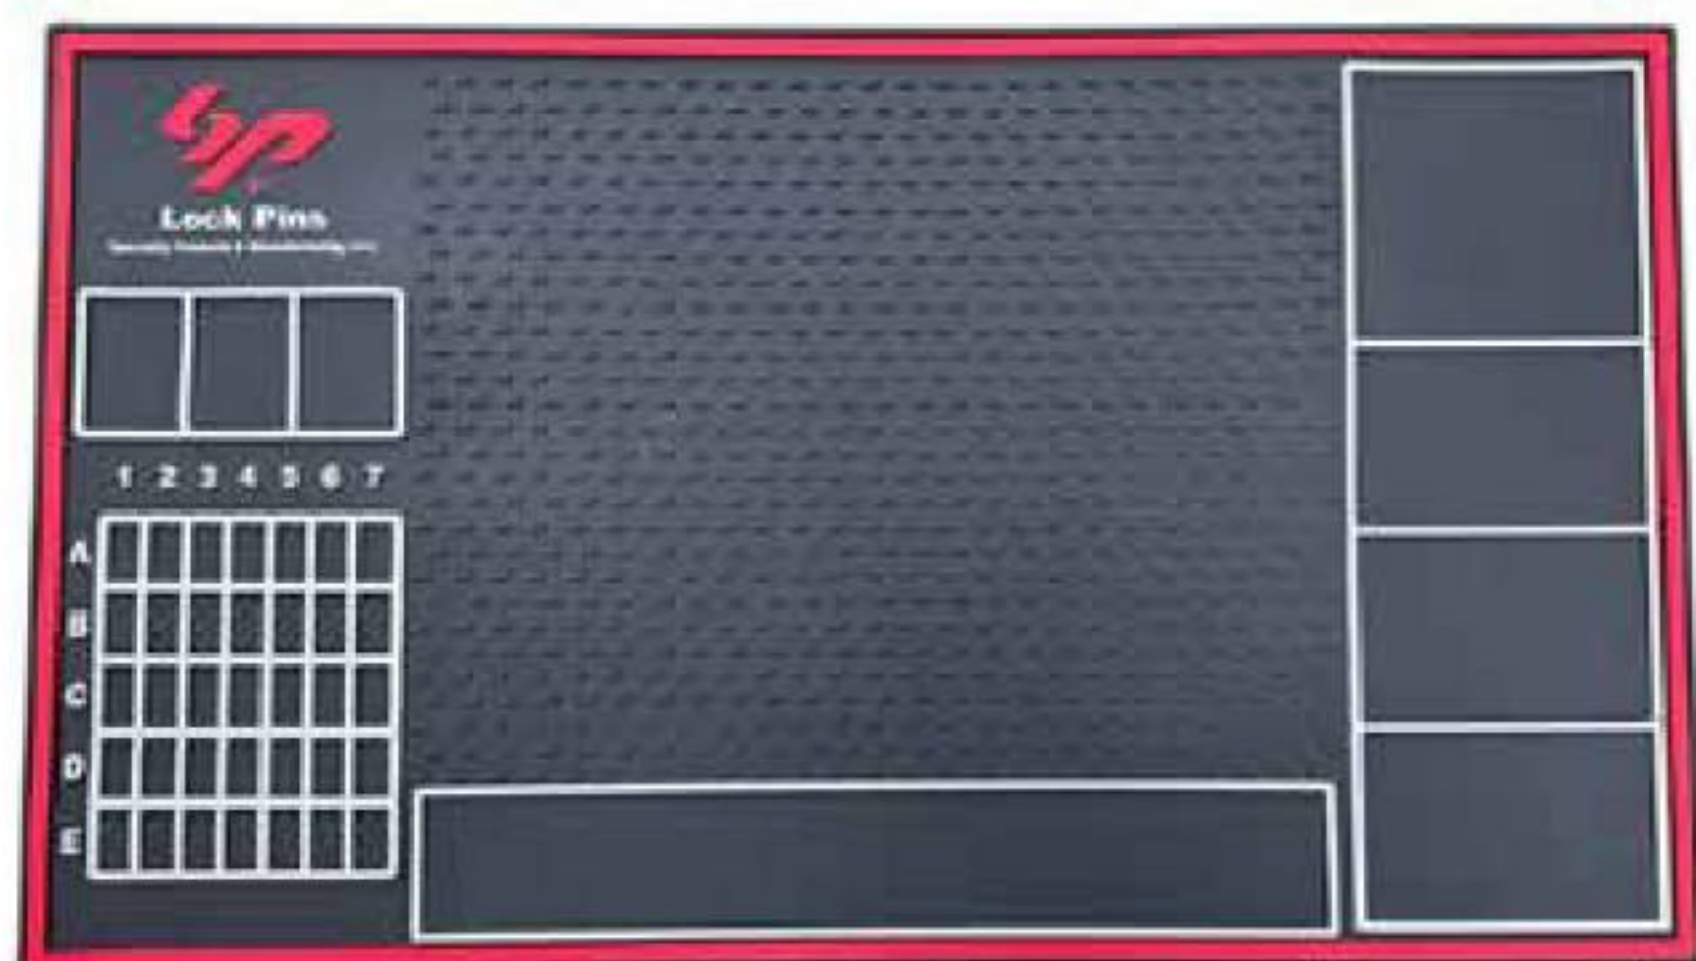

PRODUCT SPECIFICATION

- Material: Rubber
- Dimensions: 305 x 203mm
