LOCKTON
GUARD WHAT MATTERS

Commercial Mortice Lock Furniture

Larger Window. Clearer Status.

*SEMA combines a **large viewing window**, **clear text** and **high-contrast colour** indication to make door status easy to identify at a glance.*

Change the Message to Suit the Space.

*A range of **interchangeable display panels** makes SEMA adaptable to a wide variety of environments.*

One Furniture System. Complete Compatibility.

*Compatible with **latch**, **deadbolt** and **sliding** mortice lock applications.*

Commercial Mortise Lock Furniture

'SEMA™'

- Indicating Furniture for **Latching** Mortise Locks

PRODUCT DESCRIPTION

LOCKTON SEMA™ is a new generation of wide plate indicator furniture available for commercial latching mortise lock applications.

Incorporating SEMA™ Status Indication Technology, the range features a large viewing window with clear text and high-contrast status indication, making door status easier to identify at a glance.

Change the message to suit the application. Interchangeable display panels provide flexibility across a wide range of environments, while durable construction and extensive cycle testing ensure reliable long-term performance.

Ideal for commercial bathrooms, meeting rooms, accommodation and shared facilities where clear lock status is important.

Commercial Mortice Lock Furniture

'SEMA™'

- Indicating Furniture for **Deadbolt & Sliding** Mortice Locks

PRODUCT DESCRIPTION

LOCKTON SEMA™ is a new generation of wide plate indicator furniture available for commercial deadbolt mortice lock applications.

Incorporating SEMA™ Status Indication Technology, the range features a large viewing window with clear text and high-contrast status indication, making door status easier to identify at a glance.

Change the message to suit the application. Interchangeable display panels provide flexibility across a wide range of environments, while durable construction and extensive cycle testing ensure reliable long-term performance.

Ideal for commercial bathrooms, accessible facilities, accommodation and privacy applications where clear lock status is important.

SEMA™
CLEAR STATUS AT A GLANCE

"LOCKTON SEMA™ - Indicating Furniture

Inspired by semaphore — the universal system of visual signalling — SEMA™ delivers clear, mechanical indication of door status at a glance.

Designed for commercial environments where clarity matters, SEMA ensures immediate understanding of occupancy and lock position."

Narrow Stile Mortice Locks

NEW FEATURE

Dual - CounterCurve Latch

LOCKTON 23mm Mortice Lock

PRODUCT DESCRIPTION

The LOCKTON Art. SG-SBML23 - 23mm Backset Narrow Stile Mortice Lock.

The Art. SG-SBML23 retrofits Australian standard 23mm Narrow Mortice Locks and comes with the required fixing screws, strikes, cylinder retaining pins, turn snib adaptor, templates and instructions.

The enhanced **Dual-CounterCurve** latch design improves strike pickup earlier in the closing cycle, delivering a noticeably smoother, more controlled closing action and stronger, more reliable deadlatch engagement compared to standard single-radius latch profiles.

PRODUCT SPECIFICATION

- Latch Material: Stainless Steel (Reversible)
- **Dual-CounterCurve Latch Profile** for earlier pickup and improved deadlatch engagement
- 'Easy Change' Lock Functions - turn the dial on the side of the lock body
- Electric Strike Compatible
- Accepts Australian Oval Cylinders (Like the LOCKTON 410 range)
- Suits Left & Right Handed Doors
- Mortice Lock (Body ONLY) is 38.5mm deep, this does NOT include the face plate
- 10 Year Warranty (*)
