LOCKTON E-Series App UPDATE

Important update for E-Series Smart Lock users

i OVERVIEW

LOCKTON has released a dedicated mobile application for E-Series smart locks. This update improves the user experience following recent changes to the third-party TTLock app.

! REASON FOR UPDATE

Recent updates to the TTLock app have introduced:

- *Paid feature prompts*
- *Advertising within the app*
- *Increased user confusion around functionality*

These changes have impacted both installers and end users. To provide a more consistent and professional experience, LOCKTON has introduced its own branded application.

LK E-SERIES APP - KEY FEATURES

The LOCKTON App provides:

- ✓ No paid features (all core functions included)
- ✓ No advertising
- ✓ Full compatibility with existing E-Series locks
- ✓ Simplified and stable interface

CORE FUNCTIONS INCLUDE:

→ RECOMMENDED ACTION

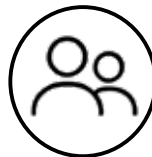

All users are strongly recommended to transition to the E-Series App.

STEP 1 - DOWNLOAD THE E-SERIES APP

Scan the QR code below to download:

STEP 2 - LOG IN

Use existing TTLock login credentials.

STEP 3 - CONTINUE USE

Existing locks will appear automatically. No reconfiguration required in most cases. No new account required.

IMPORTANT NOTE

The TTLock app remains functional, however:

- Some features may require payment
- Advertising may be displayed
- User experience may vary

LOCKTON Security recommends the **E-Series App** as the primary platform for all **TTLOCK & E-Series systems**.

RETROFIT UPGRADE PLATES

Custom designed *Retrofit Upgrade plates*, designed to cover existing holes and cut-outs from previous lock installations, allowing a **cleaner and more professional retrofit** when upgrading lock hardware.

NEW FEATURE

Dual - CounterCurve Latch

LOCKTON 23mm Mortice Lock

PRODUCT DESCRIPTION

The LOCKTON Art. SG-SBML23 - 23mm Backset Narrow Stile Mortice Lock.

The Art. SG-SBML23 retrofits Australian standard 23mm Narrow Mortice Locks and comes with the required fixing screws, strikes, cylinder retaining pins, turn snib adaptor, templates and instructions.

The enhanced **Dual-CounterCurve** latch design improves strike pickup earlier in the closing cycle, delivering a noticeably smoother, more controlled closing action and stronger, more reliable deadlatch engagement compared to standard single-radius latch profiles.

PRODUCT SPECIFICATION

- Latch Material: Stainless Steel (Reversible)
- **Dual-CounterCurve Latch Profile** for earlier pickup and improved deadlatch engagement
- 'Easy Change' Lock Functions - turn the dial on the side of the lock body
- Electric Strike Compatible
- Accepts Australian Oval Cylinders (Like the LOCKTON 410 range)
- Suits Left & Right Handed Doors
- Mortice Lock (Body ONLY) is 38.5mm deep, this does NOT include the face plate
- 10 Year Warranty (*)

MAZDA 2026+

NEW

LP-MAZDA2026

PRODUCT DESCRIPTION

The Art. **LP-MAZDA2026** 2-in-1 Pick and Decoder is purpose-built for Mazda 6E, CX-E and newer Mazda EV models.

Enables quick entry and on-the-spot decoding of 8-cut, 5-depth door locks—reducing guesswork and eliminating strip-down time.

A must-have for fast, reliable key cutting on late-model Mazda platforms.

PRODUCT SPECIFICATION

- Lock Profile: MAZDA 26+ 6E / CX6E / EV Models
- Tool Type: 2-in-1 Pick & Decoder (Double-Lifter)
- Compatibility: Door Only
