etraining.jma.es

BT MULTIUSER - the JMA system for opening garage doors, gates and access doors using your smartphone - has been taken to the next level with BT MULTIUSER PRO.

Now you can manage and send access permissions for a single point of access to over 100 different users. The new power base also comes with an IP66 protection rating.

Send access permissions easily and conveniently

- *Send invites to other users.*
- *Permanent or temporary invites.*
- *Set the days and times when a guest can open the access point.*

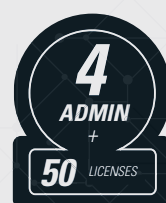

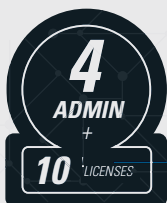

Perfect for residential blocks and work centres
