

Sabrina is a 14 litre machine especially designed to spot-clean small areas of carpet and hard floor and upholstery.

Sabrina is suitable for professional use, and it is also capable of extra hard-work, such as rental use or use by cleaning companies. Its high-water lift vacuum system allows to recover the maximum quantity of dirt from carpet and to accomplish the shortest drying time. Sabrina is supplied with the wand for carpet and hard floor NS270N. The hand tool for cleaning upholstery and inside of cars is available as an optional extra.

Features

- 14 Litre Solution and Recovery Tanks
- Clear Dome suction lid for viewing recovery effectiveness
- Long life roto-moulded Polyethylene Tanks
- Detachable tanks for easy cleaning and filling.
- Light and easy to handle, only 12kg

Accessories
