

## K2

## Utensil presoak and destainer

### Description

Suma® Shine K2 is a powder destainer / presoaker specially formulated to provide excellent removal of stubborn stains from cups and crockery and safe on plastic and melamine.

### Features

Suma® Shine K2 is an alkaline powder, which is suitable for presoaking / destaining of all types of heavily soiled substrates. It contains a blend of scale inhibitors and alkali for removal of dried on food from cups and crockery. The formulation also contains active oxygen for effective removal of tea, coffee and fruit stains. The product is also suitable for soaking of plastic materials.

Suma Shine K2 is also an excellent destainer for all types of fabric including colours (Not suitable for wool and nylon).

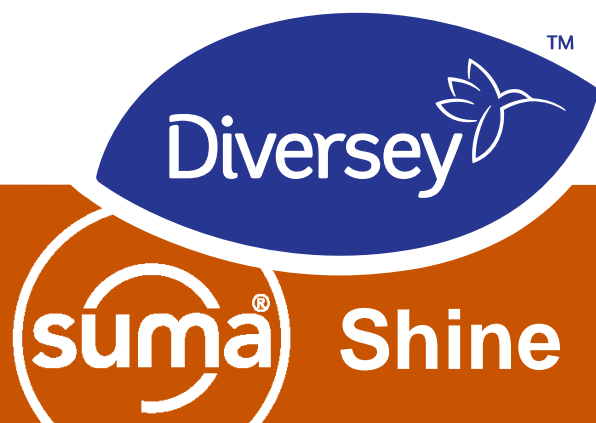

### Benefits

- Removes stubborn tannin stains.
- Effectively assists in the removal of burnt-on food residues and starch.
- Easy to use, free-flowing powder.
- Suitable for all surfaces commonly used in the kitchen.
- Compatible with machine dish washing, as will not cause foaming in dish machines.

### Application areas

- Hospitality
- Lodging
- Healthcare
- Food Service

K2

## Utensil presoak and destainer

### Directions for use

#### Cups and Crockery pre-soak:

1. Fill a soak reservoir with warm water (40-50°C).
2. Add 10-20g Suma® Shine K2 per litre of water.
3. Immerse the items in the solution for 10-30 minutes, depending on soiling.
4. Pass items through dishwashing machine as normal.

To avoid possible damage, do not soak decorated china and plastic items for longer than 30 minutes.

#### Laundry destaining:

Dose Suma® Shine K2 in the main wash at temperatures between 60-90°C. Dose at 4-8g/kg dry goods. Please consult your Diversey representative for optimum performance.

### Technical information

Appearance	White powder	Density (Kg/l)	1.05
pH (1% solution)	11 – 11.5	Dilution	10-20g/L

*The above data is typical of normal production and should not be taken as a specification.*

Product	Pack size	SKU Code	Availability
Suma® Shine K2	10Kg	7010132	AU&NZ

### Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet. Store in original container. Avoid extremes of temperature and humidity.

### Product compatibility

Under recommended conditions of use, Suma® Shine K2 is suitable for use on most materials commonly encountered in the kitchen. Do not however use for alkali sensitive items such as copper and brass.

### Safety Reminder
