PRODUCT USE

Quantities may vary according to individual requirements. Quantities may need increase if laundry is heavily soiled or in areas where the water is exceptionally hard.

BLEACHING & WHITENING SOAK: Before washing linen, use 100g of PILE UP per 10kg of linen. Soak for a minimum of 30 minutes and for best results leave overnight.

MAIN WASH ADDITIVE: Add 100g to 200g of PILE UP to the main wash for added stain removal and brightening.

PILE UP can be used for bonnet buffing, carpet extraction and foaming carpet cleaning.

LIGHT CARPET CLEANING: Dilute 1:100 with water.

HEAVY CARPET CLEANING: Dilute 1:75 with water.

OXYGENATOR: Use 150g of PILE UP per 15L of warm water.

ISSUE DATE: SEPTEMBER 2018
