

PS-70 EXTRA

Lubricant & Release Agent

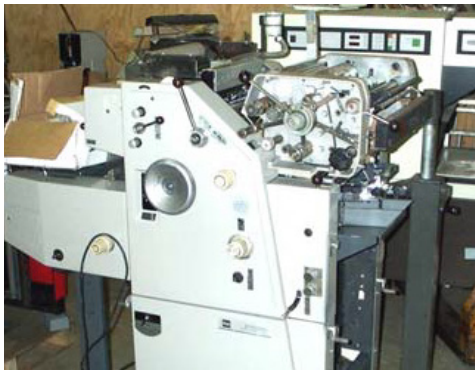

Prevents Sticking, Squeaking & Binding on Virtually any Surface Over a Wide Temperature Range.

FEATURES

- LUBRICATES
- NON-CORROSIVE
- NON-STAINING
- COLORLESS
- MOULD RELEASE

DESCRIPTION

- Reduces Surface Friction - Cleans, lubricants and protects, preventing sticking and wear on surfaces.
- Protects Surfaces - forms a protective coating on surfaces, leaving all treated areas waterproof and free from moisture.
- The surface coating is non-flammable and heat stable for all applications over a wide temperature range from -40°C up to 260°C.
- Wide Range of Applications - is non-corrosive and safe on metals, rubber, leather, vinyl and most plastics. It is colorless and non-staining, so liberal applications will not damage equipment appearance.

APPLICATION

- Switches and Breakers
- Volume Controls
- Terminals
- Moulds
- Fan Belts
- Drawers, latches
- Rubber moulding
- Rubber mounts

TECHNICAL DATA

CONTAINS	Dimethylpolysiloxane
APPROVED	Lubricant Type A for food industry use

For more Technical Data, please refer to Safety Data Sheet of the product.

Consult the label for full instructions and precautions before using this product

Remarks: Do not apply PS-70 EXTRA directly on electrical contact faces - it may be used to lubricate moving parts of a contact assembly, but not on the contact faces themselves. Spot test in sensitive plastic before application. Do NOT use in areas where painting is done
