

# Fact Sheet

## TURBO OVEN & GRILL CLEANER

K20

### DESCRIPTION

**C-TEC Turbo** is a concentrated oven and grill cleaner.

Can be used neat for heavy jobs or diluted for maintaining a clean appliance.

### FEATURES AND BENEFITS

- Highly concentrated
- Use for heavy duty cleaning or general oven and grill maintenance
- Colour-coded labelling ensures easy product identification and simplifies training

### APPEARANCE

Red liquid with an ether-like odour.

### MPI C31

Before use all edible product and packing needs to be removed from the room. After use surfaces must be rinsed with potable water before production starts.

### DIRECTIONS FOR USE

Oven and Grill cleaning: dilute neat - 1:4  
(200mls makes a 1L solution)

Hoods and vents: dilute 1:10 – 1:15  
(60-90mls makes a 1L solution)

Kitchen floors: dilute 1:25 – 1:60  
(16-40mls makes a 1L solution)

Use a foaming trigger, applicator or squeeze bottle to apply solution onto oven/grill surfaces. DO NOT atomise. Rinse with potable water.

After use, food surfaces must be thoroughly rinsed with potable water.

### PACKAGING

5L

### SAFETY INFORMATION

Carefully read the Safety Data Sheet (SDS) before using this product.

This product will tarnish soft metals including copper, brass, zinc, tin and galvanized surfaces with prolonged contact. It will also discolour and etch aluminium.
