

# ISOPROPYL ALCOHOL (IPA) MULTI-PURPOSE CLEANER

G25

## DESCRIPTION

**C-TEC Isopropyl Alcohol (IPA)** is a fast-drying solvent for cleaning and sterilising.

### Use for:

- Hard surface like glass, mirrors, electronics and plastics
- Removing adhesives and permanent ink from hard surfaces

## FEATURES AND BENEFITS

- Wide use of applications
- Evaporates quickly leaving no residue
- Safe and easy to use
- Colour-coded labelling ensures easy product identification and simplifies training

## APPEARANCE

Clear liquid with a typical IPA solvent scent

## DIRECTIONS FOR USE

Sticky grime/Permanent ink: use neat.  
Hard surface cleaning: dilute to 70% (700mls to 300mls water). The water acts as a catalyst in the destruction of microorganisms so is more effective at killing germs/pathogens at 70% strength than full strength.

Spray surface and wipe with a clean cloth. Leave to air dry. No need to rinse.

DO NOT spray onto live electrical equipment.  
Patch test on painted surfaces before use.

## PACKAGING

5L

## SAFETY INFORMATION

Carefully read the Safety Data Sheet (SDS) before using this product.
