

Fact Sheet

NEW EASE HEAVY DUTY CLEANER

G10

DESCRIPTION

C-TEC New Ease is a solvent-based hard surface cleaner that works hard to emulsify grease and remove dirt from the toughest areas.

Ideal for:

- Walls and doors
- Concrete
- Motor vehicle parts
- Plastic surfaces
- Stainless steel.

For use in all general cleaning situations and can be applied by spray and wipe, bucket and mop or high-pressure hosing application.

FEATURES AND BENEFITS

- Easy way to remove grease and grime
- Biodegradable surfactants
- Colour-coded labelling ensures easy product identification and simplifies training

APPEARANCE

Clear dark blue liquid with a standard chemical scent.

MPI C32

Not for use in edible areas

DIRECTIONS FOR USE

General Purpose Cleaning: Dilute 1:30 – 1:50 (20-30mls for a 1L solution)

Kitchen and Bathroom Cleaning: Dilute 1:5 – 1:10 (90-166mls for a 1L solution)

Laundry Spotting: Use neat or dilute 1:2 (333mls for a 1L solution)

Concrete Floors and other Porous Areas: Use neat or dilute 1:5 (166mls for a 1L solution)

Bottle Application: Spray the diluted solution directly onto a cloth and wipe over the surface requiring cleaning. For heavily soiled surfaces, spray directly onto the surface to be cleaned. If required, allow to dwell for a few minutes, scrub (if necessary) then wipe with a clean damp cloth. Ensure that any residue has been completely rinsed off with water.

Bucket Application: Dip your mop into the bucket, then wring out until damp. Apply to the floor using a figure 8 motion. Scrub with a bristle broom. Rinse the floor with water to remove any residual cleaner.

Food surfaces must be washed with potable water before production begins.

PACKAGING

5L
