

Fact Sheet

PROMAGIC METAL-SAFE DEGREASER

G13

DESCRIPTION

C-TEC Promagic has been specially formulated to be a metal-safe degreaser concentrate for the removal of animal fats.

Ideal for:

- Hospitality and Food Service Business
- Commercial Cleaners
- Industrial Business
- Education and Public Sector
- International Business

FEATURES AND BENEFITS

- Easily removes animal fats and vegetable oils from hard surfaces
- Metal-safe (non-corrosive)
- Easy rinsing
- Colour-coded labelling ensures easy product identification and simplifies training

APPEARANCE

Red odourless liquid.

DIRECTIONS FOR USE

Light Cleaning: Dilute 1:100
(10mls for a 1L solution)

Heavy Cleaning: Dilute 1:50
(20mls for a 1L solution)

Bottle Application: Spray the diluted solution directly onto a cloth and wipe over the surface requiring cleaning. For heavily soiled surfaces, spray the solution directly onto the surface to be cleaned. If required, allow to dwell for a few minutes, scrub (if necessary) then wipe with a clean damp cloth. Ensure that any residue has been completely rinsed off with water.

Bucket Application: Dip your mop into the bucket, then wring out until damp. Apply to the floor using a figure 8 motion. Scrub with a bristle broom. Rinse the floor with water to remove any residual cleaner.

Remove all edible products and packaging from the area prior to cleaning. All food contact surfaces must be thoroughly rinsed with potable water before production starts.

PACKAGING

5L, 20L

SAFETY INFORMATION

Carefully read the Safety Data Sheet (SDS) before using this product.
