COPIER CARTRIDGES

FOR USE IN CANON MACHINES

ABOUT OUR COMPATIBLES

WILL COMPATIBLE CARTRIDGES WORK AS WELL AS GENUINE?

Yes they will ... compatible ink and toner manufacturers have developed their own solutions that work just as well as the Original Equipment Manufacturer (OEM) products ... if not better

They have had the opportunity to reverse engineer the OEM product and develop outstanding print and toner solutions to ensure the quality of the finished printed page is of the same exceptional quality you are familiar with.

Smart people have embraced non-genuine toner solutions! ... Why? Because they come with a guarantee to deliver the same print quality as OEM products, but at the fraction of the price. Quality guaranteed - every time.

DON'T BE BULLIED BY OEM PRINT MACHINE MANUFACTURERS.

Because if you do, you will lose the opportunity to make significant savings. In today's competitive marketplace, print machine manufacturers often use scare tactics to maintain their unrealistic profit margins, such as claiming the use of non-genuine toner cartridges will void the manufacturer's warranty.

This simply isn't true and, just like car manufacturers can't cancel your warranty because you chose a competitor to service your vehicle, you also have the right of choice when it comes to consumables for your home or office equipment

Market Leaders

Our compatibility and quality is so high that they do not affect a user's printer warranty. Our quality guarantee extends to refunding faulty products and, should one of our quality products ever cause damage, either repairing or replacing printers. Warranty excludes damages due to negligence or misuse and is limited to the warranty provided by the manufacturer.

PROFIT LIFTING PRICES

Toner On Demand offers some of the most competitive prices on the market. Not to mention our capped (by road) shipping rate. Our prices are so low that resellers can increase profits and still pass savings on to customer. Increase profits and attract more customers - now that's a win win situation for everyone.

BIG RANGE & BEST QUALITY

If you need a compatible solution, Toner On Demand has it. We are the exclusive Australian supplier of products from some of the world's leading manufacturers. If a new compatible toner is not available, if possible we'll source a remanufactured product. Each product is rigorously tested before market release.

QUICK EASY ONLINE SHOPPING

We've made wholesale ordering quick and easy. Account details, order history and shopping carts are all securely recorded between log ins so re-ordering is a breeze. Order tracking systems put accurate delivery updates within clicking distance. We deliver to anywhere in Australia, plus our drop ship option saves everyone time and money.

DON'T BE BULLIED BY OEM PRINT MACHINE MANUFACTURERS.

Because if you do, you will lose the opportunity to make significant savings. In today's competitive marketplace, print machine manufacturers often use scare tactics to maintain their unrealistic profit margins, such as claiming the use of non-genuine toner cartridges will void the manufacturer's warranty.

This simply isn't true and, just like car manufacturers can't cancel your warranty because you chose a competitor to service your vehicle, you also have the right of choice when it comes to consumables for your home or office equipment.
