

GENERAL INFO
DESIGNED FOR CARAVANS, CAMPERS & RVs

Compact Caravan/RV Inline Undersink Filter System with Faucet

The CR-Z2 is a compact system designed specifically for applications where there is limited under-bench space; perfect for caravans and RVs. Its compact design makes it easier to install where space is limited, with the option to mount horizontally or vertically, so no shelf cutouts are required. The CR-Z2 features Z Plus Filtration Technology through an advanced 3-stage filtration process; filtering down to 1 micron* removing* chlorine, chemical, sediment, rust, and algae - helping to ensure you only get healthy, great tasting water on tap, wherever you go.

FEATURES & BENEFITS

- Compact design makes it perfect for caravan/RV installations or where space is limited.
- Connects to 12mm tubing.
- Specifically designed for mains, rain, harsh and rural water supply.
- Sediment, dirt, rust and other particles filtered down to 1 micron*.
- Provides pure, safe, filtered water, free of* chlorine.
- Uses antibacterial beads to inhibit bacterial growth within the system.
- Protects against scale build-up.
- Dedicated filter tap & standard caravan/RV fittings included.
- Valve-in-head means a DIY, no mess filter change.
- Quick and easy installation. Mounts horizontally or vertically - no shelf cutouts required.

SPECIFICATIONS

Model Number:	CR-Z2
Replacement Cartridge:	Z2-R
Flow Rate:	5 Lpm
Min/Max Temperature:	0 - 38°C (protect from freezing)
Min/Max Pressure:	200 - 520kPa**
Micron Rating (nominal):	1 micron*
Capacity:	38,000 litres
Approx. Space Required:	
Vertical Mounting:	290mm (h) x 90mm (w)
Horizontal Mounting:	90mm (h) x 290mm (w)
Warranty:	10 years^

Important Note: Use only genuine Puretec replacement cartridges. ^10 year warranty is 1 year parts and labour, plus 9 years parts only. Excludes cartridges. **Warning:** Please visit www.puretec.com.au/instructions to observe essential manufacturer's instructions before use. **Caution:** Do not use with microbiologically unsafe water or water of unknown quality without adequate disinfection before or after the system. **Where line pressure exceeds 520kPa, an approved pressure limiting device must be installed to comply with Australian & New Zealand Plumbing Standards. (Ref. AS 35001:2021, Clause 3.3.4). Maximum flow depends on cartridges, vessel, pressure, impurities etc. Protect from freezing. *Removal, 'free of' and 'eliminates' indicate significant reduction, not necessarily 100% removal. *Micron rating is nominal. This spec sheet has been designed to help make product selection easy. However due to the complex nature of water chemistry, we strongly encourage confirming any product selection with one of our team. We may need to perform a water analysis test to confirm contaminants in water.

INSTALLATION DIAGRAM

ADDITIONAL INFORMATION

Designed to reduce harmful Cryptosporidium & Giardia cysts, rust, dirt, sediment, chlorine, algae and chemicals, leaving beautiful fresh drinking water.

Easy Installation

This premium filter system easily fits under your caravan, camper or RV kitchen bench. Includes designer faucet and all plumbing fittings for easy installation. Connects to 12mm tube, commonly used in caravans and RVs.

Hygienic Quick Cartridge Changes

The valve-in-head design shuts the water off automatically, meaning no mess and an easy replacement every time. Enjoy water the way it should be, abundant, clear and beautiful tasting—no matter how remote your camping adventures are!

Z PLUS FILTRATION TECHNOLOGY

Stage 1

- Removes* particles.
- Clarifies the water.
- Removes* sediment, rust, sand, silt & algae filtering down to 1 micron*.

Stage 2

- Reduces chlorine and other chemicals.
- Eliminates* bad taste and odours.

Stage 3

- Antibacterial technology inhibits bacterial growth within the system.
- Protects against scale build-up.
