

PRODUCT SHEET

BOSS SIZES: UK 4 TO 14 (7.5 TO 10.5)

Our new Boss elastic sided boot has been Engineered & Designed by Passion, developed to deliver our customers optimum performance, light weight construction with the highest standard of safety, superior comfort and durability. The Boss slip on boot is built with maximum usability and practicality. Features include Fibreglass Composite Toe Cap, Anti-Static outsole as well as breathable bamboo lining and steel free.

BENEFITS & FEATURES

Premium Quality Cow Nu-Buck Leather Upper, Water Resistant.

COMPOSITE TOE CAP:

Protects toes against impacts of at least 200 Joules. The fibreglass toe cap weighs less than the conventional steel cap, protects against transmitting electricity, insulates against cold & hot temperatures.

BAMBOO LINING:

Bamboo fibre has a silky soft and smooth texture. Antibacterial properties in the fibre reduces smell or odour at the end of a day's wear. As a natural based fibre, bamboo is able to "wick" moisture away from the skin leaving the foot dry and comfortable, even on hot days.

PU/TPU:

Is an Injected moulded outsole, TPU, Thermoplastic Polyurethane is a special type of polyurethane. It's sturdy, abrasive resistant and flexible. TPU provides high performance, is Anti-Static, slip resistant, oil, organic fat and acid resistant outsole. Heat resistant to temperatures of up to 130Deg.

INSOLE:

Full Polyurethane removable insole, airflow system technology provides superior comfort. Poron shock absorption system pad assembled to ball heel for supreme comfort.

STITCHING:

Heavy Duty Poly Nylon Bonded Thread Stitch with added Triple Stitching across Vamp and quarter seams.

ANTI-STATIC:

Anti-Slip Resistance
