## Product Information / Wallchart

# ECOCLEAN H10

## HEAVY DUTY CLEANER, DISINFECTANT & SANITISER

### DESCRIPTION

Ecoclean is a bright yellow liquid combining a heavy duty detergent system with a powerful disinfectant and natural citrus solvents. Ecoclean cleans and sanitises all surfaces and is safe on all metals including aluminium. Ecoclean can be used for a number of purposes from degreasing equipment, to dissolving cooking oils and baked on grime from kitchen surfaces. It is also an excellent floor cleaner

### APPLICATION

Ecoclean can be used on a wide range of applications and include the following:

- Floors** - For the mopping of kitchen floors to remove greasy food soils and associated grime.
- Bathrooms** - For the removal of body fat and soap scale build up.
- Spray 'N' Wipe applications** - effectively cleans to a streak free and antibacterial finish.

### FEATURES & BENEFITS

- One Step Process
- Cleans, sanitises and deodorises in one action
- Contains corrosion inhibitors for sensitive metals
- Safe on all surfaces to be cleaned.
- Heavy duty cleaning action
- Assist in removal of fatty, greasy soils
- Contains a high level of quat sanitiser
- Will clean effectively in heavily soiled conditions
- Contains natural citrus solvents and impart a fresh fragrance
- Sanitises at economical dose rates.
- Phosphate Free formulation
- Fully biodegradable
- Product registered under Accord's "Recognised - Environmental Credentials Scheme"

### DIRECTIONS FOR USE

**FOR GENERAL CLEANING:** use Ecoclean at a dilution rate of 1 in 80. **FOR HEAVIER SOILS AND BAKED ON DIRT,** a 1 in 40 dilution rate may be required. Rinse surface with potable water after use. Ecoclean may be used through a higher pressure cleaner and is considered safe to use on all surfaces including aluminium.

### SUITABILITY OF CHEMICAL FOR FOOD PREPARATION AREAS

When used as directed Ecoclean is suitable for use in kitchens and food preparation areas.
