The 3Z RF Vision offers the ultimate in antenna alignment technology with fast easy on screen reporting.

- Accurately align directional antennas (panel, microwave, and cylindrical/stealth antennas)
- Generate reliable and automated line-of-sight surveys
- Reduce OPEX

For a limited time Vicom is offering NZ\$1,500 trade in (Ts & Cs apply) on old 3Z Aligners when a new 3Z RF Vision antenna alignment tool is purchased.
