

## **ADAPTER KIT DMAK-ATR42**

## **ATR42, ATR72**

## Configuration: 150112GPA

Please contact DMA to enquire about any of the listed adapter kits, about custom adapters or about any adapters or kits not listed.

This kit has been configured by a customer for partial or complete Pitot Static testing.

The kit requires the use of:

- An ADTS with an additional vacuum port source.
- An ADTS able to simultaneously test multiple ports with multiple isolator, 4 Static and 3 Pitot.
- An ADTS with Hansen pneumatic fittings (1H11 Static, 2H16 Pitot).

## The Kit includes:

• A transparent group of hoses (blue Pitot, red Static).

The kit uses "Quick Fit" fittings for easy hose connection.

The kit does not include any pretest devices.
