

The F-Clamp with a 5-Year Warranty. Promax FHD series clamps are designed and manufactured to the high standard that Aussie welders expect. Made from nickel-chrome-plated, heat-treated steel for a corrosion resistant high strength clamp. Oxide-coated spindle for extra weld-spatter resistance. Includes swivel pad and threaded stopper bolt to allow arm removal if required to clamp in tight spaces or over larger objects.

Part No.	Description	Recommended Safe Clamping Force	Max Clamping Force	Unit
WC-01870	100mm Span x 80mm Depth (16x8mm Rail)	230kg	300kg	Each
WC-01871	200mm Span x 80mm Depth (16x8mm Rail)	230kg	300kg	Each
WC-01872	300mm Span x 120mm Depth (25x12mm Rail)	550kg	750kg	Each
WC-01873	400mm Span x 180mm Depth (25x12mm Rail)	550kg	750kg	Each
WC-01874	500mm Span x 120mm Depth (25x12mm Rail)	550kg	750kg	Each
