Aquabella Check Valve

All Aquabella hand showers are fitted with a Neoperl Combined Check Valve and Flow Regulator – Neoperl Part Number 31.2015.1 in accordance with the New Zealand Building Code.

Check Valve Note

Installers are responsible for assessing the site for hazards and applying backflow prevention per AS/NZS 3500 (Sec 4). This may include positioning the shower so the handset can't be submerged, ensuring an air gap is maintained.

Elevate your showering experience with the Elementi Splash Pro Slide Shower 3 Function. Sleek and versatile, this three-function shower set offers dynamic water flow functions from gentle rain to invigorating massage, and is perfect for those who want style and functionality in their bathroom. Available in five stunning finishes – Chrome, Brushed Nickel, Brushed Brass, Gun Metal, and Black – it will fit any modern bathroom style.

With the EleSpray technology integrated, the Splash Pro Slide Shower provides a variable spray experience according to your mood. Whether it's a relaxing shower or a more intense jet, there are quite a few functions that provide you with the flexibility to use it the way you desire.

The Check Valve function prevents backflow, giving water safety and pressure stability. The DuraClass Slider is constructed with top-quality materials, offering utmost durability and longevity for years of operation. In addition, easy clean nozzles make maintenance easy, keeping your shower head as good as new.

Engineered for mains pressure, the system delivers a forceful and reliable water flow, and the Flawless Finish prevents wear on the surfaces, keeping the appearance over time. KTW-BWGL certified, the Splash Pro meets high-quality and safety standards.

Backed by a 1-year warranty for shower heads and hoses, 2 years for coloured finishes, and 5 years for all other components, the Elementi Splash Pro Slide Shower is an intersection of cutting-edge Swiss design and outstanding performance that introduces a touch of distinction into any bathroom.
