PRODUCT
FEATURE

MORE PLEASURE IN YOUR
SHOWER REGARDLESS OF
PRESSURE WITH GENIE

AMERICAN STANDARD has launched the award-winning Genie pressure booster hand shower to cope with low water pressure situations.

Unlike other hand showers in the market, the back cover of the Genie is designed to be easily detached for cleaning and simple removal of any slime or mineral deposit build up.

Genie is the epitome of modern simplicity in its design. Made of polycarbonate for durability, it is available in three colours – aquamarine, petal pink, and steel grey.

PETAL PRESSURE WATER FLOW

Micro pin holes ensure robust yet gentle water flow (petal pressure) even when using low pressure.

HAND SHOWER BODY

Uniform white semi-gloss finish with rounded edges for a modern look and ease of use.

UNIVERSAL
OPENING SYSTEM

Key lock system for easy clean access and a secure fit during use.

BACK COVER

Removable transparent cover to allow for easy clean access

TRANSPARENT
FACE PLATE

Made out of frosted plastic to allow clean water to be visible as you shower.
